

Linking Your MySDRS Account to mySD

South Dakota Retirement System
222 East Capitol Avenue | PO Box 1098
Pierre, SD 57501
605-773-3731
sd.gov/sdrs

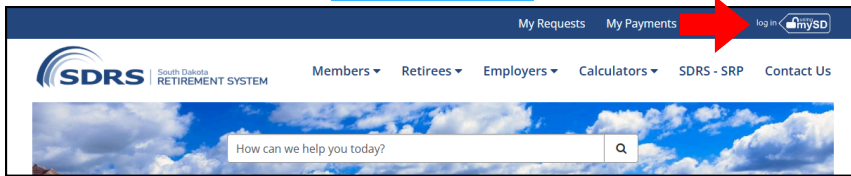

MARCH 2026

MySDRS has been integrated with the mySD Citizen Portal. You must have a mySD account to link and access MySDRS. While working through the instructions, please maintain the correct view (desktop or mobile) depending on your device.

On the SDRS homepage (sd.gov/sdrs), click on "Log in using mySD."

Desktop View

Mobile View

You will be redirected to the mySD Login page.

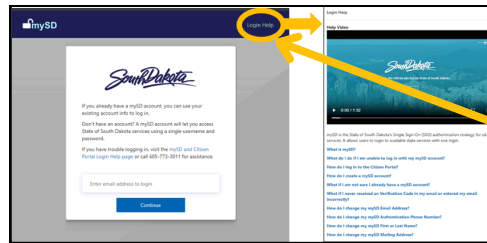

If you already have a mySD account

Enter your existing mySD account information to log in.

If you need to create a mySD account

Follow the instructions provided on your screen to create your mySD account.

Desktop & Mobile View

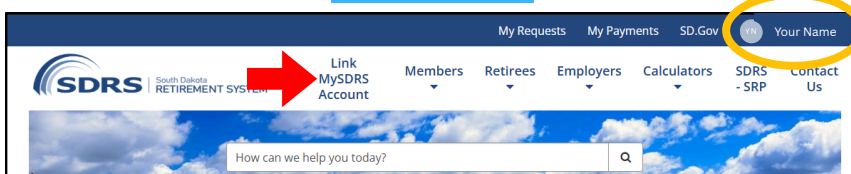

NOTE: mySD is maintained by the South Dakota Bureau of Information and Telecommunications (BIT). If you need help with your mySD account or with the mySD log-in process, click on the "Login Help" link (highlighted at left) on the mySD sign-in page.

Once you have logged in to your mySD account, you should be redirected back to the SDRS homepage. As you will note, your mySD profile is located in the top right corner (circled below in yellow). This is also where you can log out of mySD.

Click on "Link MySDRS Account."

Desktop View

Mobile View

To link your MySDRS account, you must have a verified mySD account.

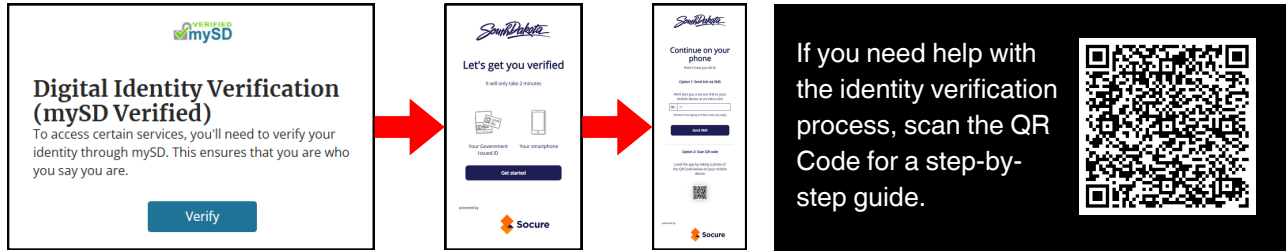

If your mySD account is verified, it will be indicated on this page. Enter your Social Security Number. Click "Submit."

If your mySD account is not verified, you must first verify your mySD account. Click the link to verify your mySD account.

See reverse side of this publication for additional instructions.

If your mySD account is not verified, click the link on the “Link MySDRS Account” page to proceed with secure identity proofing using Socure. For this process, you will need a mobile phone with a working camera and a form of identification, such as your driver’s license.

Follow the instructions on your screen to verify your identity.

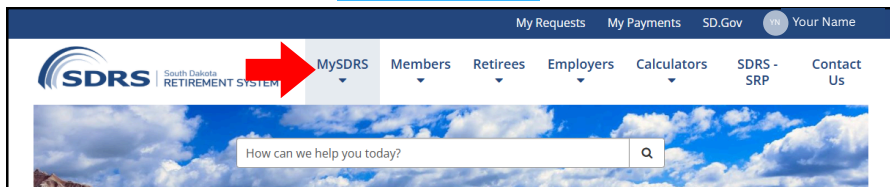

Once you have successfully verified your identity, navigate back to the “Link MySDRS Account” page. The “Verified mySD Account” field should now indicate “Successfully Verified.” Enter your Social Security Number and click “Submit.”

After you click “Submit,” you will see a message “Your account link has been successful. Please wait while we redirect you...”.

You will be automatically redirected back to the SDRS homepage.

You should now see “MySDRS” in the navigation bar.

Desktop View

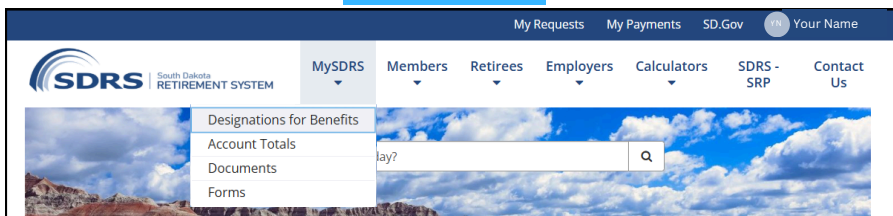

Click on the "MySDRS" dropdown to access your SDRS account information.

Mobile View

Desktop View

Mobile View

Click on any of the menu items to view your account information.

- Designations for Benefits: View and edit your spouse and beneficiaries. You can also modify your Notification Preferences.
- Account Totals: View your contributions, service, and Final Average Compensation (FAC).
- Documents: Download notices, statements, and tax documents.
- Forms: Download to print forms for various SDRS processes.

If you wish to create benefit estimates, you can click on the "Calculators" dropdown and select "Benefit Calculator." Your current account information will be automatically entered in the applicable fields.

For questions about how to link your MySDRS account or the information presented on MySDRS, please contact the SDRS office at 605-773-3731.
